

# PROPANE

It's NOT a sideline

...It's our ONLY line

THE GLOBAL LEADER SERVING THE PROPANE AND NGL INDUSTRIES

SUPERIOR ENERGY SYSTEMS LTD

# NO MORE

Stop running from supplier to supplier

# C<sub>3</sub>H<sub>8</sub>

No matter where you're located... no matter what industry you're in... no matter how large or small your company...if you have a need for propane equipment or systems, SES is your go-to source for all things propane. There's no need to shop around anywhere else.

more bulk plants and trans-shipment terminals in the United States than any other company. Our designers and engineers have years of experience with NFPA 58 guidelines and NPGA regulations, as well as with other regulatory agencies throughout North America.

Based in Northeast Ohio, Superior Energy Systems, Ltd. (SES) has been a leading supplier of propane products and services for more than 40 years. These are systems, products and services directly related to propane infrastructure.

As a customer, you're assured that all SES systems are engineered precisely to your requirements, and that all equipment is constructed of the highest quality materials and superior craftsmanship. We always strive to deliver the safest, most reliable propane systems on the market.

### The Propane Engineers

As the industry's propane engineers, we offer a turnkey service in supplying propane systems. With licensed engineers on staff, we have designed, engineered and built

When developing your next propane project, come to the industry leader. **At SES, you can get all your propane needs filled at one place.**

## The Industry's Premier Autogas Dispensing Stations

SES has been manufacturing Autogas Dispensing stations since 2007 and is America's leading manufacturer. We provide installation and start-up, as well as service after the installation. Unlike many others, SES has the unique ability to

design systems to meet your specific needs. We offer five different models that are in full compliance with all applicable NFPA standards, including a UL-Listed dispenser for the U.S. market and a CSA-approved product for Canada.

# RUNAROUND

SES will manage ALL your propane needs.

## SERVICES
