

Superior Energy Systems

## SUPERIOR ENERGY SYSTEMS IS DEDICATED TO SERVING THE NEEDS OF THE MIDSTREAM INDUSTRY

For more than 40 years, we've brought together engineering, manufacturing, construction and safety expertise to focus on operational excellence. We provide the best in turnkey oil and gas systems, infrastructure solutions as well as safety and compliance training. We have manufactured more bulk plants and trans-shipment terminals throughout the United States than any other company. In addition, we design, engineer, construct and service vaporizers and mixers, rail towers, metering and odorant skids and standby fuel systems.

We provide complete builds of rail, pipeline and barge terminals including:

- Compressors
- Pumps
- Unloading racks (metering skids)
- Rail unloading/loading stations
- Options: heaters/dryers, odorant (mercaptan) skids, fire suppression systems
- Equipment, parts and used tanks

# SUPERIOR DESIGN, SUPERIOR QUALITY, SUPERIOR SERVICES

Why settle for anything less?

## TURNKEY PROJECT MANAGEMENT AND CONSTRUCTION OVERSIGHT

In addition to providing all necessary equipment for your project, Superior is able to provide turnkey project management and construction oversight, serving as the general contractor for the entire build. No matter the size of your project, we have the knowledge and experience as well as technical expertise to oversee all efforts in the design, engineering, permitting, construction, startup and commissioning. Superior will make sure the entire job is completed – on time and on budget – every time.

Additional gas systems:

- Peak shaving
- Standby fuel
- Primary fuel
- Vaporizers
- Mixers
- Blending
