SUPERIOR DESIGN, SUPERIOR QUALITY, SUPERIOR SERVICE
Why settle for anything less?

PRO-Vend 1000/1500

The PRO-Vend 1000/1500 is our best-selling dispenser and the foundation platform for all PRO-Vend propane autogas dispensers. The unit comes with everything you need to get started, including easy-to-read and use MID:COM display panel and electronics, and can connect to any external fuel management system available today. It meets the guidelines set forth in UL Standard 495 and the CSA Canadian Standard, making it the right choice for states and jurisdictions with those requirements.

Unit Certifications:

· National Type Evaluation Program (NTEP) certified by the National Conference of Weights and Measures
· Measurement Canada approved to Weights and Measures Act, article 193
· Approved to UL Standard 495
· Approved to Canadian Standard CAN1-12.4

Upgrades/Options:

· Additional tank and skid packages
· High-pressure pumping systems
· Hose retractor
· PRO-Vend 1500 (dual hose) shown at left
· Third-party fuel management system connections
· PRO-Vend 2000 upgrade kit
· Powder coated stainless finish (powder coated steel standard)

PRO-Vend 2000/2500

The PRO-Vend 2000/2500 is our most advanced dispenser. The state-of-the-art unit is a fully integrated, customizable web-based propane autogas fuel dispenser that operates from a built-in, Windows-based PC. The unit tracks key data like driver and vehicle identification, vehicle mileage, and gallons pumped for a virtually unlimited number of vehicles, drivers and customers.

You can create customizable reports without the need to purchase and install separate technology. The self-contained touch screen system features a built-in, high resolution fueling video monitor, ideal for driver training and friendly fueling reminders. Fueling is as easy as swiping a key fob or entering a credit card or access number into the touch screen and picking up the zero-emission fuel nozzle.

Software Features:

- User selectable predefined prompts up to 32 digits in length or create customized—up to four (4) messages—such as driver ID, vehicle ID, odometer
- HID proximity key–fob reader
- Adjustable programming parameters through cloud based system in real time
- View pump transactions in real time
- User four (4) digit pins are generated by the system for secure access to only authorized users
- Software updates are provided automatically to all pumps in the system through cloud based or directly to your VPN

Benefits:

- Internal embedded Windows with Intel ATOM Dual Core Processor
- Internal memory allows tracking of unlimited number of proximity fobs or cards
- No on-site configuration required; system is shipped with current software and pre-programmed to customer needs
- Menu configurations and upgrades take place through the cloud
- No need for hardwired ethernet line due to preinstalled cell modem
- Transaction data is stored on the cloud in real time on www.sesfleet.com (in the event of a communication failure data is stored in the system PC; when communication is reestablished data is sent to the cloud automatically)

Unit Certifications:

- National Type Evaluation Program (NTEP) certified by the National Conference of Weights and Measures
- Measurement Canada approved to Weights and Measures Act, article 193
- Approved to UL Standard 495
- Approved to Canadian Standard CAN1-12.4

Upgrades/Options:

- Transaction receipt printer
- Additional key fobs
- Credit card reader
- Additional tank and skid packages
- High-pressure pumping systems
- Hose retractor
- PRO-Vend 2500 (dual hose)
- Training videos
- Powder coated stainless finish (powder coated steel standard)
